

ALTERNATIVE WAY TO CHECK EMAIL OR FIND INVALID EMAIL ADDRESSES

STEP 1:

* Gather all customer records on one page

The screenshot shows the routesms web application interface. The top navigation bar includes tabs for Messaging, Sales, Accounting, Warehouse, Human Resources, and Reporting. The 'Sales' tab is active. On the left sidebar, the 'Customers' link is highlighted. The main content area displays a table of customer records. A dropdown menu is open for the 'Customers' tab, showing options: 80, 200, 500, 2000, and Unlimited. A red box highlights the 'Unlimited' option. A red arrow points from the 'Unlimited' option to the 'Select Unlimited' text in the table.

Powered by Odoo

STEP 3:

* Select existing template from template list

The screenshot shows the 'Export Data' wizard in the routesms application. The wizard is titled 'Export Data' and has a close button (X) in the top right corner. It contains the following elements:

- Header:** This wizard will export all data that matches the current search criteria to a CSV file. You can export all data or only the fields that can be reimported after modification.
- Warning:** Please pay attention that all records matching your search filter will be exported. Not only the selected ids.
- Export Type:** Import-Compatible Export (dropdown)
- Export Formats:** CSV (dropdown)
- Available fields:** A list of fields that can be exported. The list includes: Account Payable, Account Receivable, Active, Add Swap History, Add User Lines, Address Type, Alias, Authorize Signatory, Banks, Birthdate, CIN, City, Color Index, Companies that refers to partner, Company, and Contact Lines. There are 'Add', 'Remove', and 'Remove All' buttons next to this list.
- Fields to export:** A list of fields that are currently selected for export. The list includes: harish, narayan_accounts, NIK_12JAN16, partner by_shashank, partner detail_by_shashank, PARTNER DETAILS, partner_nisha, and **SALES_TEAM_TEMPLATE_EMAIL_CHECK** (highlighted with a red box). There is a 'Delete' button next to this list.
- Buttons:** 'Close' and 'Export To File' buttons are at the bottom of the wizard.

A red arrow points from the text 'Select this template' to the 'SALES_TEAM_TEMPLATE_EMAIL_CHECK' entry in the 'Fields to export' list.

STEP 4:

* Click export to file button to download the excel file which will contains customer details

The screenshot shows the 'Export Data' wizard in the routesms application. The wizard is titled 'Export Data' and includes a close button (X) in the top right corner. It contains the following elements:

- Instructions:** 'This wizard will export all data that matches the current search criteria to a CSV file. You can export all data or only the fields that can be reimported after modification.' and 'Please pay attention that all records matching your search filter will be exported. Not only the selected ids.'
- Export Settings:** 'Export Type: Import-Compatible Export' and 'Export Formats: CSV'.
- Available fields:** A list of fields including Account Payable, Account Receivable, Active, Add Swap History, Add User Lines, Address Type, Alias, Authorize Signatory, Banks, Birthdate, CIN, City, Color Index, Companies that refers to partner, Company, and Contact Lines.
- Fields to export:** A list of fields including Name, Customer ID, Salesperson/Name, Email, Contact Lines/Domain, Contact Lines/Email, and Contact Lines/Send Email. A dropdown menu is open, showing 'SALES_TEAM_TEMPLATE_EMAIL_CHECK' selected.
- Buttons:** 'Add', 'Remove', 'Remove All', 'Delete', 'Close', and 'Export To File'.
- Footer:** 'Powered by Odoo', 'Aegean Telecom LTD', 'Converted Client', and 'R110575'.

A red box highlights the 'Export To File' button, and a red arrow points to it with the text 'Click this button to download file'.

STEP 5:

* Open Downloaded file

* Check email address details both primary and secondary
