API NO.2BUSINESS MANAGER SWAPPING

Description:

* When partner/customer's salesperson gets swap from one salesperson to another then salesperson should also get swapped on BMXPIN
* Example:
In odoo application
Partner name: TATA
Old saleperson : Nikunj Soni
New Salesperson: Lester Dsouza

In BMXPIN
Partner name: TATA
Old saleperson : Nikunj Soni
New Salesperson: Lester Dsouza

API make sure that salesperson of partner are sync on both application & its unidirectional process

Flowchart

Account user removes old salesperson from Partner and assign new salesperson in odoo

Email sent to old BM and New BM
& logs maintained in odoo as well as BMXPIN

Salesperson gets updated on BMXPIN
With respect to Odoo id of partner/customer
